TOWN OF FORT SMITH NEW BRANDING

A brand is much more than just a logo or tagline - it's an entire personality. A brand is about owning your niche in a marketplace of other brands. For the Town of Fort Smith, our brand is the way we speak about ourselves and the way we want people to speak about us.

When initially developed in 2014, the Fort Smith brand was created to reflect the key elements of the iconic destination including the bison, pelican, Slave River rapids, and the aurora and capture the essence of the community. This refresh maintains those icons while refreshing the look and feel of these elements.
